Specification	
Image	 <p style="text-align: right;">  ASTM D5250 EN455 </p>
Name	Vinyl Gloves
Type	Pre-Powdered or Powder-free and non-sterile.
Size	Extra Small, Small, Medium, Large, Extra-large.
Material	100% synthetic polyvinylchloride (PVC). No natural rubber latex, 100% DOP/DEHP free and only DOTP plasticizer used.
Design	Ambidextrous, beaded cuff and smooth external finish;
Color	Clear
Packing	100 pieces per inner box, 10 inner boxes per outer carton 1400 cartons/20'GP, 2800 cartons/40'GP, 3400 cartons/40HQ; Inner box dimension: 230mm*120mm*60mm Outer carton dimension: 310mm*255mm*250mm
Physical Properties	
Elongation at break (%)	
• Before Aging	Min 350
• After Aging	Min 350
Tensile Strength (MPa)	
• Before Aging	18± 3
• After Aging	16± 3
Features & Benefits	
* Contains no natural rubber latex, ideal for latex allergy sufferers.	
* Non textured surface.	
* Non-sterile: Non-invasive procedures only	
* Ambidextrous	
* Easy to don	
* The powder-free and seamless design offers fantastic comfort and dexterity for it users and they are resistant to most household chemicals.	
* Vinyl gloves are a great value and durable alternative to Latex, which is a known allergen and can cause users to suffer mild skin irritation	
Storage and Shelf-Life	
* The gloves shall maintain their properties when stored in a dry condition at temperature between 10 to 30°C.	
* Protect gloves against ultra violet light sources, such as sunlight and oxidizing agents. Copper ions discolor the glove.	
* 5 years from the date of manufacturing.
